Dear business partners,

We want to inform you about the status in our self-administered restructuring process and the newest developments.

We are in negotiations regarding our Delmenhorst location. The target is to sell the business to an interested party soon. Therefore, our linoleum business will be continued.

Regrettably however, and despite all our intensive efforts we were not successful in finding a bidder for DLW's vinyl location in Bietigheim-Bissingen. This forces us to finally shut down the business in our Bietigheim-Bissingen location. It is our plan to now unwind business operations in an orderly manner.

We still hold stock in LVT, Homogeneous and Fibrebonded. This stock now is on sale at special prices and conditions.

We will contact you shortly to discuss all further details. We warmly thank you for your cooperation with DLW and your assistance.

Best regards,

DLW Flooring GmbH

Hans-Norbert Topp  
Chairman of Management Board

Stephan Lührs  
Managing Director
